Dear Participant,

The Organizing Committee of MATBUD'2015 announces with pleasure the forthcoming 7th Scientific-Technical Conference on Material Problems in Civil Engineering to be held in Cracow, Poland, 22-24 June 2015.

Because numerous conferences are organized in Poland on the subject of construction, including a wide range of building materials, we have decided to adopt a new formula of our meetings. Our goal is to bring together researchers, scholars and students from all areas of Civil Engineering and Building Materials Engineering from the Visegrád Group and other European countries to promote exchange, facilitate networking and finding partners for future collaboration.

For this purpose we have decided to make English the official MATBUD'2015 conference language.

Traditionally, our conference is organized in consultation with Departments of Civil Engineering from Slovakia and the Czech Republic, who are also the organizers of cyclic conferences dealing with similar issues in Civil Engineering. Please rest assured that like in 1996, 1998, 2000, 2003, 2007 and 2011 we will make every effort to ensure that this conference edition at least meets the same high scientific and organizational standards as the previous six ones. In order to facilitate the work of the Organizing Committee, we will be grateful if the whole conference-related correspondence takes place via email. With this end in view, we have prepared a new MATBUD'2015 conference website with a registration, paper submission and reviewing system.

All the peer-reviewed MATBUD'2015 conference papers will be made available in an Open Access format in Elsevier's Procedia Engineering, an online conference proceedings publication hosted on Science-Direct. Moreover, all published papers will be indexed in Scopus and presented in a dedicated online Procedia Engineering issue.

Hoping that you will find our conference interesting, we are looking forward to receiving your abstracts and papers for MATBUD'2015.

Yours faithfully, Organizing Committee
Tomasz Trzczyński, Izabela Hager

Faculty of Civil Engineering, Cracow University of
Technology.

CONFERENCE SCOPE

The scope of the Conference comprises the following thematic blocks:

- development, processing, evaluation, applications, and performance of construction materials in civil engineering,
- properties of contemporary cement composites (including binders, admixtures, mineral additives etc.),
- innovative materials in civil engineering application, including nanotechnology,
- building waterproofing techniques and technology,
- polymer building composite materials,
- ceramics and glasses,
- insulation materials (thermal & acoustic insulation),
- timber and wood products,
- non-destructive testing in civil engineering,
- repair, renovation and strengthening of buildings and civil engineering structures,
- modernization and revitalization of historic structures,
- fire behaviour of materials,
- sustainable building materials and technologies,
- structural materials problems in European standardization.

CONFERENCE VENUE

The conference will be held at Cracow University of Technology Warszawska Street Campus from **22 to 24 June 2015**.

KEY DATES

Abstract submission	31 December 2014
Full papers submission	31 March 2015
Notification of acceptance	30 April 2015
Registration payment	15 May 2015
Conference	22-24 June 2015

OFFICIAL LANGUAGE

The official language of the conference is English. All papers and presentations should be edited in English.

REGISTRATION, ABSTRACT AND PAPER SUBMISSION

Please register and submit your abstract (200 words) and full paper (6-8 pages) via conference website. The submitted papers are required to meet certain criteria, including the assurance that all papers are original, and have not been previously published elsewhere. The papers will be subject to preliminary linguistic review prior to their submission for peer evaluation. All papers will be subject to peer review process by reviewers, members of the Scientific Committee.

All the peer-reviewed MATBUD'2015 conference papers will be made available in an Open Access format in **Elsevier's Procedia Engineering**, and be freely accessible in perpetuity to a worldwide audience on www.ScienceDirect.com.

All published papers will be indexed in **Scopus** and presented in a dedicated online **Procedia Engineering** issue. Templates for preparing papers will be available on the Conference website.

REGISTRATION FEE

The registration fee is:

Authors of articles	1000 PLN (250 EUR)
Authors of articles (below the age of 30)	800 PLN (200 EUR)
Other participants	1200 PLN (300 EUR)
Additional paper fee	200 PLN (50 EUR)

The registration fee covers:

- conference participation,
- conference publication,
- coffee break snacks,
- lunches,
- ice-breaking evening 22 June 2015,
- conference banquet 23 June 2015,
- VAT.

The registration fee does not include the cost of accommodation.
